## Annual subscription rate of \$195.00

I am available to discuss any item which has appeared in my newsletter and to retrieve a full copy of a particular item (ruling, case, etc.) for you should you need it **at no extra charge**.

If you are planning to conduct a local **tax seminar for your clients**, I will ship you a summary of the latest developments affecting your individual or business clients so that you can easily extract whatever materials that you might need for your presentation in order that you will not have to create these materials from scratch.

This newsletter is only sent to tax practitioners so you may **feel free to excerpt any item** and include it in a firm newsletter that you might put together for your clients.

You need only **one** paid subscription for your particular office and then as many copies as you want can be distributed throughout that office. The newsletter can be sent electronically to facilitate this process.

Your annual subscription also includes **one-half hour** in consulting time **free**. (i.e., a value of \$75.00).

**Note:** Newsletters are sent out via email and can be quickly disseminated throughout your office or firm. And, as Adobe Acrobat files, searching for key words, case names, etc. is made even easier because of their electronic format. Payment can be mailed to the address below.
